Hi Jenna.
It's confirmed...Christian will be joining Bob, Billy and me. Dennis Peterson is facing a gameday decision. He works about two blocks from your offices and will attempt to make it.
Thx agn,

Hi Jay,

Good afternoon Mr. DeLancy,

It was a pleasure speaking with you yesterday. I responding to confirm that Monday, February 16th at 1:00 does work. I have added the meeting to both DA Murray and Deputy DA Menser's calendars. I have booked the meeting in an appropriately sized conference room so that if your additional attendees are available to attend, we can accommodate everyone. Please, at your earliest convenience, let me know who all will be joining you so that I can let the DA know.

Thank you,

Jenna Mobley

Hi Jenna.

Thanks for working with us to set the meeting between our group, DA Murray and Deputy DA Menser.

There are a lot of moving parts at both ends of this contraption; so after some internal coordination, I want to confirm what we discussed during our phone call today: Monday, Feb 16 at 1:00 PM will work fine for us.

At this point, there will be three people coming, but I need to reserve the option for (up to four) others who may want to attend.

-

As to our agenda... I had made a previous reference to 23 other double voters from your county; but we realize most of them cannot be prosecuted because the evidence was already destroyed. So, we've scaled that number back to only the double voters whose evidence has been secured by the SBOE. I've attached a somewhat cryptic file that identifies each voter who appear to have voted both in Mecklenburg County and in Florida for the 2012 general election.

-

Here is some analysis of the data for you:

First, they all had a matching first name, last name, middle initial and DOB.

The odd string of numbers is the vote history from each state. To translate...

Voters 1, 2, 4, and 7 appear to have voted twice only in 2012

Voters 3 and 6 appear to have voted in Nov 2008 and 2012

Voter 5 appears to have voted in Nov 2004 and again in 2012

-

Noting the common names belonging to voters 5 and 6, it wouldn't surprise me if #5 were a false alarm; but in any event, those signature cards are the key and we have been advised that the SBOE has secured all of them before the 22-month document destruction date. So, in addition to Ms. Jenkins, the lone Mecklenburg County resident already referred to your office for criminal prosecution by the SBOE, these seven voters will be a subject we will need to discuss with you during the meeting, as well.

Thanks again,

Jay

Hi Jenna.

Thanks for following up in this.

I just tried to call you, but it went to vox mail.

I'd like to shoot for Thursday the 12th, but will need to get the exact time set before I'll know which other attendees will be able to join us.

...so what time that afternoon were you thinking?

Thx agn,

Jay

Good morning Mr. DeLancy,

After checking calendars I see that Andrew and Bart are both available on Thursday, 2/12/15 in the afternoon. They are also available the following Monday and Tuesday, 2/16/15 and 2/17/15, in the afternoon.

Please let me know if either of those options will work. Also, I believe Bart mentioned that you would have other attendees with you. If you could please let me know who will be accompanying you so I can plan accordingly.

Thank you,

Subject: Setting date for meeting

Hi Jenna.

It's true...I have no life and am doing VIP stuff on a Saturday.

Bart Menser and I had a nice chat yesterday and he said for me to expect a follow-up email from you that would offer some dates we could meet with him and with DA Murray. This is a nudge on the matter. We'd like either the second or third week of Feb is possible.

Thanks,

Jay DeLancy is Executive Director of VIP-NC, a trans-partisan, volunteer organization that works for open and honest elections by bringing more transparency to the process in order to ensure that no voters are disenfranchised. The group uses database analysis to detect irregularities in the voting records that could suggest patterns of fraud. Their research has included identifying three NC counties with more than 100% of its voting-age population registered to vote (the national average is 67%), discovering almost 30,000 deceased persons still on the voter rolls; finding more than a hundred people who voted in the 2008 election and then later proved to the Wake County Clerk of Courts that they were not US citizens; and by gathering enough evidence to compel the State Board of Elections to make criminal referrals for (so far) five persons who voted twice in the Nov 2012 election.
