

Antique Voter Project

How the voter registration date belonging to six candidates running for public office led to wider evidence of sloppy voter list maintenance in Cumberland County and 55 other NC counties..

(May 14, 2022)

Situation

- VIP's Jerry Reinoehl found 7,083 voters with registrations in 1900
- Assumption: Registration at 18 or older makes all at least 140 years old
- Fact: 44 North Carolina counties have no such voters
- Cumberland with 5,880 (83.02%) leads the 56 poorly managed counties.
- McDowell with 591 is the second largest home of these voters.
- When including voters listed as denied or removed the number of 1/1/1900 and 1/1/1901 voters is 10,111.
- Six Cumberland County voters who filed for political office were also in this category of antique voters, as of 8 AM today.
- By noon, three candidates' records had been corrected.

Three of the six candidates were screen shot later that same day.

Conclusions

- Antique voter registrations were first disclosed when Susan Myrick (formerly) of NC Civitas found 19,000 on the rolls [in 2010](#)
- As of April 12, 2022, all but 7,083 of the embarrassing voters remain
- With 5,880, Cumberland County holds 82% of the statewide total
- Among Cumberland's 5,880 were six candidates who filed for office
- Those six voter records were updated within 24 hours
- A random check suggests no other records were corrected
- Sloppy list maintenance practices often triggers NVRA lawsuits
